BEHIND THE SCENES OF EACH NEWCO™ SYSTEM OUTPUT

You have just seen a sample of NEWCO™'S PIGGYBACK™ format and a sample response letter to a request for more information off the piggybacked offer. Now, just wait till you see the next three pages and find out what actually goes on behind the scenes of the three pages you have just looked at.

Both previous examples of NEWCO™ system deliveries are repeated on the following pages but this time color-coded so you can see what the NEWCO™ system actually does... behind the scenes. Under-stand that each color below represents a specific type of logic that NEWCO™ employs.

NEWCO™ technology gives you the way to fine-tune each individual PIGGYBACK™ offer and each individual response letter with as much detail as you need to create a one to one marketing opportunity. The more you direct your offer to the individual bank customer, the better chance there is that your offer will be accepted.

The NEWCO™ system is the only system that can do this in volume.

Please use the following color codes as you review the next three pages. You will be amazed at the number of individual intelligent thought processes that automatically go into the creation of each PIGGYBACK™ offer, letter and, in fact, anything that the NEWCO™ system outputs.

	Personal prospect /customer information and demographics Insurance company information
	Specific copy detail
	Plan design, and product specifics Amount of coverage choices Payment mode
	Actual product pricing individualization

Virtual Agent™

Virtual Agent™, the NEWCO™ system's trademarked "brain", thoroughly thinks through each individual logic choice and assigns the appropriate product type, amount of coverage, even wording to each and every individual bank customer offer, one offer at a time no matter how great the volume.

What cannot be seen here is that all of the individualization is based on the bank customer's own individual demographic profile. No two offers may be exactly alike because each NEWCO™ offer is individually crafted for the specific customer.

Now that is truly unique!

The following three pages will show you just how intelligently individualized PIGGYBACK™ offers and response letters delivered in unlimited mass volumes can be.

APPENDIX 1

Sec 6

IMPORTANT INFORMATION ABOUT THIS OFFER

Please do not mistake this offer for a Group Mortgage Life Insurance offer that you may have received from time to time in the mail. The insurance being offered here is individual coverage for our new loan customers. Our individual policies have these advantages over most group mortgage life policies:

- **Lower Cost**
 - ✓ Because you must qualify for this coverage individually, the cost of insurance is lower than if no qualification were needed. If you are in good health, why pay more?
 - ✓ Because of the probability these days that most people will not stay in the same home for a full 30 year mortgage, our policies have shorter durations than 30 years. They are therefore less expensive.
 - ✓ Because these policies can be kept active from loan to loan, no matter how often you change your loan, you do not have to re-buy a new mortgage life policy, at a costlier older age, every time a change is made.
- **Level death benefits**

The death benefit of these policies does not reduce as the mortgage loan decreases. Your beneficiary will have extra money available since, after a few years, the level death benefit will be larger than the outstanding loan.
- **The beneficiary may choose to use the money for any purpose, depending upon circumstances at time of claim. Or, if you desire, the death benefit may be used for mortgage purposes only, if initially requested.**

EXPLANATION OF EACH PLAN

Critical Period Protection - Plan A

Provides coverage in an amount sufficient for your family to pay the monthly mortgage payments for your choice of 3 years or 4 years. This period is generally considered to be the most critical period for the family after the death of an income earner. The importance of Critical Period Protection centers on the ability of the family to remain in their home until a decision can be made as to future plans. This choice is a lower cost alternative to purchasing full loan balance insurance as in Plans B or C.

Full Protection - Plan B

Provides insurance for the full mortgage loan amount on the life of John Smith. \$100,000 will be paid in full at the time of his death. If only one person's income is primarily responsible for loan payments, this may be the best choice for you.

Joint Protection - Plan C

Provides insurance for the full mortgage loan amount on each co-borrower. The \$100,000 benefit will be paid in full no matter which insured dies first. The surviving co-borrower may keep his or her \$100,000 benefit alive. Joint Protection is especially important in these times when it often takes the combined income of two persons to meet mortgage payments. If both the borrower and the co-borrower earn income, this is, perhaps, the most sensible choice for you.

*This applies except for Plan A. [†]Based upon the loan interest rate and monthly mortgage payment at the time of loan.
*All policies are underwritten by XYZ Life Insurance Company, Anytown, California. Plan A utilizes Form CT20 (a 20 year level premium and level death benefit renewable term insurance policy). Plan B utilizes Form CT20 (a 20 year level premium and level death benefit renewable term insurance policy). The death benefit under Plan A (3 yrs.) is \$38,800 and under Plan A (4 yrs.) is \$38,400.

HOW TO OBTAIN THIS COVERAGE

1. **CHOOSE:** Select Plan A (3 or 4 year), B, or C by checking the box on the bottom of page 1.
2. **FILL OUT:**

For Plan A or B: John Smith fills out one of the enclosed applications answering all the questions (you may discard the second application).

For Plan C: John and Mary Smith each fill out one of the enclosed applications answering all the questions.

For Question 6A: Please indicate either Plan A (3 or 4 year), B, or C. Please disregard Question 6D.

3. **SIGN:**

For Plan A or B: John Smith signs next to the two (2) red x's at the bottom of the application.

For Plan C: John Smith signs next to the two red (2) x's at the bottom of his application and Mary Smith signs next to the two red (2) x's at the bottom of her application.

4. **RETURN:**

Return this letter and application(s) to us in the postage-paid envelope provided.

Please Note: If you select Plan B or C: To help you qualify for the lowest cost possible, we are arranging a short paramedical examination at no cost to you. This can be done at your home or office. The exam is a simple one and will only take 10 to 15 minutes.

IMPORTANT INFORMATION ABOUT THIS OFFER

Please do not mistake this offer for a Group Mortgage Life Insurance offer that you may have received from time to time in the mail. The insurance being offered here is individual coverage for our new loan customers. Our individual policies have these advantages over most group mortgage life policies:

- Lower Cost
 - ✓ Because you must qualify for this coverage individually, the cost of insurance is lower than if no qualification were needed. If you are in good health, why pay more?
 - ✓ Because of the probability these days that most people will not stay in the same home for a full 30 year mortgage, our policies have shorter durations than 30 years. They are therefore less expensive.
 - ✓ Because these policies can be kept active from loan to loan, no matter how often you change your loan, you do not have to re-buy a new mortgage life policy, at a costlier older age, every time a change is made.
- Level Death Benefits

The death benefit of these policies do not reduce as the mortgage loan decreases. Your beneficiary will have extra money available since, after a few years, the level death benefit will be larger than the outstanding loan*.

The beneficiary may choose to use the money for any purpose, depending upon circumstances at time of claim. Or, if you desire, the death benefit may be used for mortgage purposes only, if initially requested.

SEC. 4

EXPLANATION OF EACH PLAN

Critical Period Protection - Plan A

Provides coverage in an amount sufficient for your family to pay the monthly mortgage payments for your choice of 3 years or 5 years. This period is generally considered to be the most critical period for the family after the death of an income earner. The importance of Critical Period Protection centers on the ability of the family to remain in their home until a decision can be made as to future plans. This choice is a lower cost alternative to purchasing full loan balance insurance as in Plans B or C.

Full Protection - Plan B

Provides insurance for the full mortgage loan amount on the life of John Smith (\$300,000) will be paid in full at the time of his death. If only one person's income is primarily responsible for loan payments, this may be the best choice for you.

Joint Protection - Plan C

Provides insurance for the full mortgage loan amount on each co-borrower. The \$300,000 benefit will be paid in full no matter which insured dies first. The surviving co-borrower may keep his or her \$300,000 benefit active. Joint Protection is especially important in these times when it often takes the combined income of two persons to meet mortgage payments. If both the borrower and the co-borrower earn income, this is, perhaps, the most sensible choice for you.

SEC. 4

*This applies except for Plan A based upon the loan interest rate and monthly mortgage payment at the time of loan.
*All policies are underwritten by USA Savings & Loan Insurance Services. Plans A, B, and C are individual policies. Plan A utilizes form MLA-100 and Plan B and C utilize form MLB-100. Plan A utilizes form MLA-100 and Plan B and C utilize form MLB-100. The death benefit under Plan A is \$300,000 and under Plan B and Plan C is \$300,000.
